

# Safety, Streetscape & Transportation Committee

## MEETING MINUTES - NOTES

9/9/09

Stephen began the meeting with a review of changes to the board (now 7 persons), the new budget process, and an overview on the ECO shuttle which is part of our domain now.

Joe agreed to be the committee secretary working with Mark on notes and minutes.

We agreed our official name is: Safety, Streetscape & Transportation

The bulk of our meeting was spent reviewing the project list, assigning owners and updating status. An updated copy is attached. A second tab has been created so we can track our "To Do" items (which are also duplicated below). Please reply if you don't have Excel or cannot open the file.

The new committee guidelines were reviewed. Stephen has made an update and will present it at the next board meeting.

We discussed the draft article for October newsletter. It will be revised and expanded.

Next meeting: Tuesday October 13th, noon.

### TO DO LIST:

DATE	WHO	WHAT	WHEN
9/9/09	Mark	Get Jay McAlonen back on the distribution list. Get info on effectiveness and issues with traffic islands from PDOT & pass on to Joe.
