## **Resident Directory**

In response to many requests, the Forest Heights Homeowners Association has put together a resident directory. This is done electronically and is accessible via [www.fhhoa.com](http://www.fhhoa.com). This is a secure site and only accessible by residents who have submitted this form.

Each resident who is participating in this directory will be able to access the directory online to look up contact information for other participating residents. Once you have signed up, we will provide you with your own login ID and Password to get into the site. You can change your password once you have entered this secure site. This will be the only way to access the directory. Directory information will not be released by the FHHOA in any manner.

## **e-alert**

Also, the FHHOA board wishes to enhance our ability to communicate with residents. Therefore we are establishing an “e-alert” network for important FHHOA news that can’t wait for the next newsletter. We would appreciate it if you would join this network. This list will not be used for any other purpose and will not be made available to anyone.

Please mark **YES** below to the services in which you wish to be included and fill in the necessary information above.
